Once again the NLD Moderation team suffers another failure and cannot handle pedophiles, so I have emerged with another one of my works.

After meeting with somebody who went rogue and doesn't want to be named (referred to as Zero from this point onward), he informed me that he cited Edi not being banned for pedophilia as one of the reasons that made him leave the community.

So after speaking with Zero, he passed off the evidence (albeit a little incomplete) of Edi. This contains him not only admitting to being attracted to a minor (14, turning 15 ) when he was 17, turning 18 in a mere 2 months.

No images sadly, but witness support:  
Openly said “One is mine” in-game and other similar phrases. Another time when Two and Edi were in-game, making a photograph of their friend group, Edi was upset One was not present, and called her a rude name. Then said she was his. Two realised Edi was going too far and cut him out of the group, and informed One of his behaviour, and One decided she really didn't want to be named, something that is true here.

## Image Collection: One

A conversation between Bluey and Edi. Edi seems to manipulate Bluey with faking depression and feigning questionable mental standing. This is apparently him venting when Two apparently booted him. Absurd claims are made, such as claiming they can die directly from emotional impediments. Edi is from Romania, while Bluey is from South Korea, leading to an awkward misunderstanding. Edi then translates what he is trying to say into Korean, ending the misunderstanding. Bluey then reassures Edi that everything is okay, and that is where the collection ends. This conversation occurred after Edi was essentially seeking comfort and venting to others after he was ousted in his former friend group

Closing Notes: None, besides the fact it is sort of out of order. This is due to the fact the file sent to me had it in this order.

## Standalone Image:

Closing Notes: I have no clue how to word this, so I'll just post the section that mentions it in the explanation I was sent (Two made an explanation document)

## Discord Explanation is a little different)

I then DM'ed Edi, more or less telling him off & to stay away from everyone, he managed to grow a pair and back off, though then met 'skywalker' aka 'LostIssue' and acted weird towards her, of which is in ref. To the screenshots she sent (including the one blacked out with Edi saying "if you say your bad then im also bad".) He then proceeded to ask to kiss her, and although he attempts to make it seem like he's coming from a kind perspective.. You don't kiss people outside of your family 'on the forehead' etc. like that?? And you definitely don't do it to people you just met, that you were also seemingly getting possessive over? (referencing the extreme amount of messages dm'ed where Sky had ghosted him).

## Discord:

### Image Collection: Two

A string of three images has in the first image, him admitting to “AdRxch” that he **was** attracted to the victim of this part of the document (referred to as One). He then seems upset that Two kicked him out over this revelation. Image Two has him admitting that he once again had an attraction to a 14 year old, saying he is 17. Repeats that Two kicked him out over it. After this, he speaks about Rod, who AdRxch knows too. Rod told Edi to give it time for it to blow over, presumably about Two kicking him out. He

then apologises for bombing both him and presumably Two. Added context told me this was right after the event in-game mentioned at the bottom of Image Collection 3, and he just said that he was no longer attracted because Two chose to cut him off. This was Edi going on a spree of venting to people.

(NOTICE, ANYTHING CENSORED BLACK IS ZERO, ANYTHING CENSORED RED IS TWO)

**AdRxch** 08/13/2023 6:30 PM

what u did

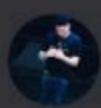

**Edi11BTI** 08/13/2023 6:31 PM

bro ok i tell you

look

you know [REDACTED] right? (edited)

**AdRxch** 08/13/2023 6:34 PM

uhh kinda

**Edi11BTI** 08/13/2023 6:34 PM

she is turning 15 this year

and im turning 18 this year

and i had ( I HAD ) a crush on her

NOT ANYMORE

[REDACTED] knows that this is crazy and weird so she hates  
me and kicked me out of the group  
maybe forever

and [REDACTED] was one of my biggest Friends 😭

**Edi11BTI** 08/14/2023 8:07 AM

Bro look

I had a crush on a 14 years old girl In our  
friendgroup

Ofc that's disgusting bc I'm actually 17 years old

And [REDACTED] dint like that so: she kicked me out of the  
group and she stopped responding me

**Edi11BTI** 08/14/2023 8:11 AM

It's ok if you can't  
You know Rod ?

 @Edi11BTI You know Rod ?

**AdRxch** 08/14/2023 8:11 AM

ye

**Edi11BTI** 08/14/2023 8:11 AM

He says that angry or sad people needs space and  
need to rest from someone for some reason

That means

If I talk and talk to her she won't answer bc she  
doesn't want to respond me

But it's ok if you can help

Let me Pain abit bc after the pain the peace com

I actually Bombed her with Sorry

Ok i also bombed you, have a Nice day sorry for  
disturbing

**Closing Notes:** Presumably bombed Two or One, Ad  
was caught up in the blast.

**Image Collection:** Three

### Part one:

Before this, Two started up a friend group that was supposed to be normal, nothing too special, however, Edi met One, and Edi talked with One daily, and admitted to Two that he thought she was cute. He then found her age, leading to a frantic exchange between Two and Edi where he is clearly distressed, asking Two if One is too young for him, which Two says she is. This leads to a final suicide guilt-trip before Part One ends.

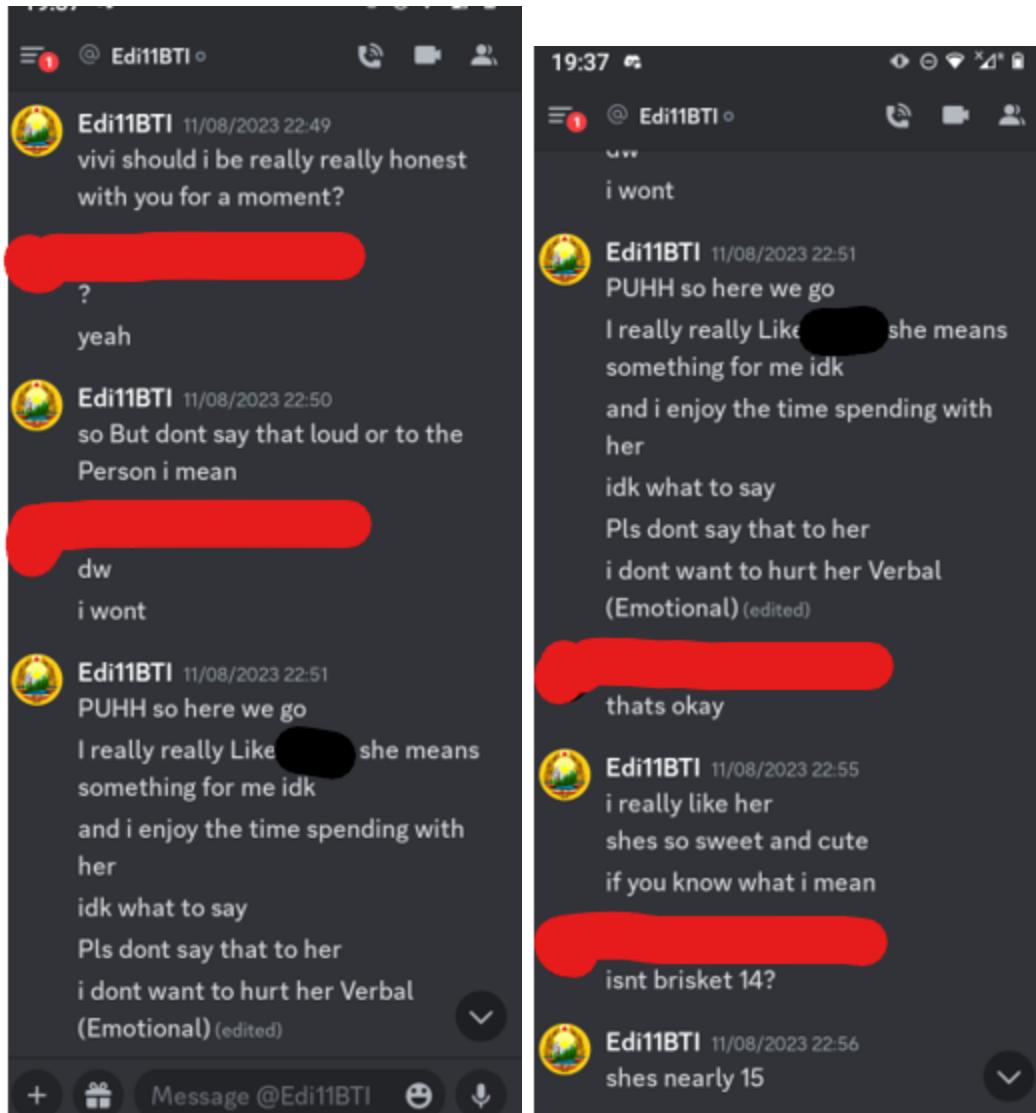

### Part Two:

Two at the end of the last conversation, chose to mostly overlook it, but still monitor it, Two chose not to tell One. Then Edi DMs Two saying One is cute and he is attracted to her. This was after he was seemingly distressed over her being too young.

## Intermission:

No images sadly, but witness support:  
Openly said “One is mine” in-game and other similar phrases. Another time when Two and Edi were in-game, making a photograph of their friend group, Edi was upset One was not present, and called her a rude name. Then said she was his. Two realised Edi

was going too far and cut him out of the group, and informed One of his behaviour, and One decided she really didn't want to be named, something that is true here.

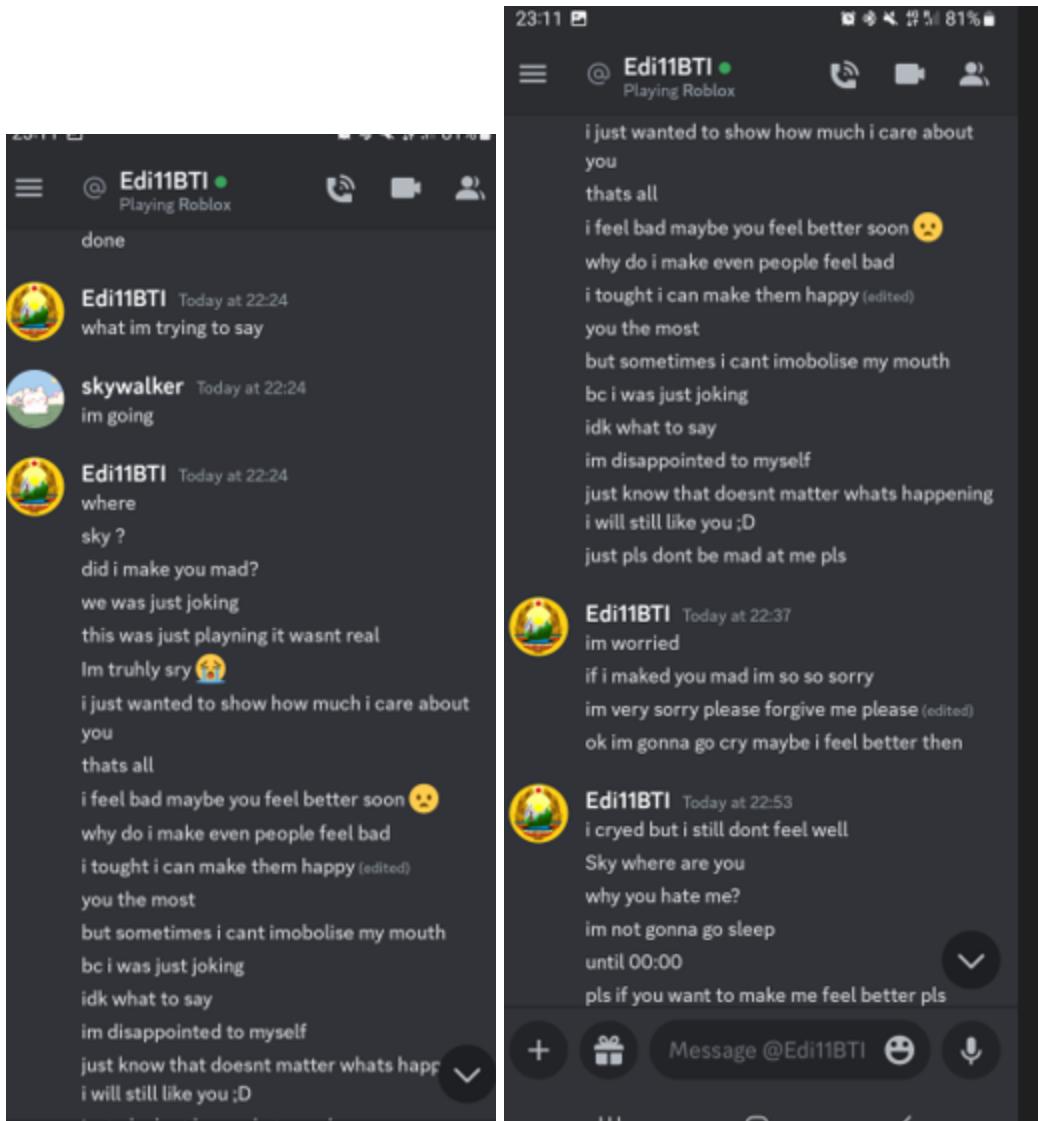

(This was after Part Two of Collection Three)

Closing Notes: None.

Image Collection: Four.

After being told to leave the friend group alone, he then chose to flirt with her, which is clearly visible.

Sky is clearly uncomfortable with the advances, ghosting him. (Refer back to the screenshot in the Standalone Photo)

Closing Notes: None.

Image Collection: Five (Post)

### End of Main Document

According to Two, Edi has tried to crawl back to his friend group just so he can get back in contact with the same minors that he tried to flirt with that were and still are blatantly uncomfortable with his

advances, and these attempts have failed luckily. He was stopped from actually dating them with intervention by others, go figure.

NLD however, refuses to ban Edi, saying that all of this is a puberty drama between two friends. Despite the fact that there are currently two cases of him acting like a complete pervert to minors when he was turning/is 18, is just another tragedy in their failures.

If you got any new information, then you can contact notbritishhater#0327 or Coldwindblows#7487

That is all from me for now.
